REMARKS

Claims 1-19 and 23-27 are currently pending in the subject application and are presently under consideration. Applicant's representative thanks the Examiner for the courtesies extended during the telephone conversation on September 2, 2003 in connection with placing the subject patent application in condition for allowance. In accordance with our conversation, claims 1 and 23 have been amended to incorporate the subject matter of herein canceled claims 9 and 13, and claim 10 has been amended herein to correctly depend on presently amended claim 1. Furthermore, all the claims have been amended for purposes of clarity (*i.e.* replacing said with the). A complete listing of the claims showing the present amendments can be found at pages 2-8.

A terminal disclaimer is enclosed herewith. However, it is noted for the record that applicant's representative respectfully disagrees with the non-statutory double patenting rejection of the present claimed invention vis-à-vis the invention recited in claims 1-35 of U.S. Patent No. 6,101,483. It is submitted that the inventions are believed to be patentably distinct; and that the subject terminal disclaimer is being filed simply to expedite favorable prosecution of this application.

Entrance of the above amendments and allowance of the subject application is respectfully requested in accordance with our telephone conversation.
